

# Stay Safe with REACT Personal Protection Programs!

The key to personal safety doesn't lie in gender, size or strength - it's awareness and confidence. The cornerstone of the REACT program is to teach a strong foundation in developing confidence and environmental awareness.

REACT will teach you how to:

- **Protect yourself and loved-ones**
- **Avoid situations that could increase your chances of becoming a victim**
- **Decide the best means of defense when confronted with a potential threat**
- **Control your fear and make wise choices in a physically threatening situation**
- **Develop your skills and confidence in a controlled environment**
- **Increase your physical and emotional power**

## **REACT PROGRAMS**

- Personal Protection for Today's Women
- The Safety Zone for Children and Parents
- Defensive Tactics & Controlling Techniques for Men
- Classroom Safe for Administrators and Teachers
